Dear Goldilocks,

Big Bad Wolf after you until it finally catches up
with you and tears your body to little microscopic
shreds. We will personally come to your house and
trash it after that to show your microscopic body
pieces how it is to have a house like that. Send a
confirmation letter to us at 123 Piggy Lane by
12:00 ante meridian, or we will send the wolf anyway.

Your dearest friends, Moe, Larry, and Curly Pigg
